Canaries Reflect on the Mine is a must-read book that will undoubtedly prompt teachers and school administrators to rethink the conclusions they make as they interact with students. Challenging so-called educational reformers, Canaries calls for alternative considerations of disempowering structures and policies that both assault human desires and disregard cherished values.

If society were a mine, refugees would be the canaries in it. Their condition reveals whether the currents of public air are pure or toxic. By that standard the present currents in Australia are noxious. They mark a change from the first generous response to the Coronavirus to the meaner reconstruction of the economy. By Andrew Hamilton
