Praise for Catch-22: 50th Anniversary Edition. To my mind, there have been two great American novels in the past fifty years. Catch-22 is one. Stephen King. Catch-22 is the only war novel I've ever read that makes any sense. Harper Lee. The greatest satirical work in the English language.

BRAND NEW, Catch-22 (50th Anniversary Edition), Joseph Heller, Explosive, subversive, wild and funny, 50 years on the novel's strength is undiminished. Reading Joseph Heller's classic satire is nothing less than a rite of passage. Set in the closing months of World War II, this is the

This fiftieth-anniversary edition commemorates Joseph Heller's masterpiece with a new introduction; critical essays and reviews by Norman Mailer, Alfred Kazin, Anthony Burgess, and others; rare papers and photos; and much more. Nominated as one of America's best-loved novels by PBS's The Great American Read. Soon to be a Hulu limited series starring Christopher Abbott, George Clooney, Kyle Chandler, and Hugh Laurie. Fifty years after its original publication, Catch-22 remains a cornerstone of American literature and one of the funniest—and most celebrated—books of all time. In recent years it has been named to "best novels" lists by Time, Newsweek, the Modern Library, and the London Observer. Set in Italy during World War II, this is the story of the incomparable, malingering bombardier, Yossarian, a hero who is furious because thousands of people he has never met are trying to kill him. But his real problem is not the enemy—it is his own army, which keeps increasing the number of missions the men must fly to complete their service. Yet if Yossarian makes any attempt to excuse himself from the perilous missions he's assigned, he'll be in violation of Catch-22, a hilariously sinister bureaucratic rule: a man is considered insane if he willingly continues to fly dangerous combat missions, but if he makes a formal request to be removed from duty, he is

proven sane and therefore ineligible to be relieved. This fiftieth-anniversary edition commemorates Joseph Heller's masterpiece with a new introduction by Christopher Buckley; a wealth of critical essays and reviews by Norman Mailer, Alfred Kazin, Anthony Burgess, and others; rare papers and photos from Joseph Heller's personal archive; and much more. Here, at last, is the definitive edition of a classic of world literature.

A fiftieth anniversary edition of *Catch-22*, one of the twentieth century's most revered novels.

Dr. Bruce Gold, a forty-eight-year-old Jewish professor of English, faces the possibilities of being appointed to a high State Department position and being disowned by his family

Joseph Heller's powerful, wonderfully funny, deeply moving novel is the story of David -- yes, King David -- but as you've never seen him before. You already know David as the legendary warrior king of Israel, husband of Bathsheba, and father of Solomon; now meet David as he really was: the cocky Jewish kid, the plagiarized poet, and the Jewish father. Listen as David tells his own story, a story both relentlessly ancient and surprisingly modern, about growing up and growing old, about men and women, and about man and God. It is quintessential Heller.

Created by Harvard students for students everywhere, SparkNotes books contain complete plot summaries and analyses, key facts about the featured work, analysis of the major characters, suggested essay topics, themes, motifs, and symbols, and explanations of important quotations.

Bob Slocum was living the American dream. He had a beautiful wife, three lovely children, a nice house...and all the mistresses he desired. He had it all -- all, that is, but happiness. Slocum was discontent. Inevitably, inexorably, his discontent deteriorated into desolation until...something happened. *Something Happened* is Joseph Heller's wonderfully inventive and controversial second novel satirizing business life and American culture. The story is told as if the reader was overhearing the patter of Bob Slocum's brain -- recording what is going on at the office, as well as his fantasies and memories that complete the story of his life. The result is a novel as original and memorable as his *Catch-22*.

An aging writer attempts to pen one last great American novel to be remembered by--but what should he write? This book follows the journey that Eugene Pota undertakes as he sifts through the detritus of his life in an effort to settle on the subject of his final work.

The original CliffsNotes study guides offer expert commentary on major themes, plots, characters, literary devices, and historical background. *CliffsNotes on Catch-22* takes you into this unforgettable novel that is full of satire, exaggeration, grotesque and comic caricatures, and telling allusions. Heller's main characters are two Jewish boys from Brooklyn at the end of World War II -- one from an orthodox family, one from a secular background. The growing friendship between the boys reflects the tensions within American society. With this study guide, you'll be able to follow the unique structure of the novel and supplement your reading with insights into the life and background of author Joseph Heller. Other features that help you study include Life and background of the author Character analyses of major players A character map that graphically illustrates the relationships among the characters Critical essays Review questions Classic literature or modern modern-day treasure -- you'll understand it all with expert information and insight from CliffsNotes study guides.

The real-life companion to the literary classic--written and illustrated by the daughter of the

340th Bomb Group's commander, Catch-22's Col. Cathcart. After the publication of his bestselling novel *Catch-22*, Joseph Heller usually chose to deny that any of his richly drawn characters were based on his actual war mates. However, to those who served with Heller in the 340th Bomb Group, the novel's characters were indeed recognizable—the hard-drinking, vengeful, and disillusioned Chief White Halfoat; young, sliced-in-half Kid Sampson; shrieking, frenzied Hungry Joe; Col. Cathcart; Gen. Dreedle; Yossarian; and that capitalist supreme, Milo Minderbinder. In this book, written and colorfully illustrated by the daughter of the 340th Bomb Group's commander, Col. Willis Chapman, we finally encounter the real men and combat missions on which the novel was based. While Heller's fully developed characters stand solely, solidly, and uniquely on their own merits, *The True Story of Catch-22* proves that any resemblance to persons living or dead is, in fact, actual. This three-part book blends fact, fancy, and history with full-blown original illustrations and rare, previously unpublished photos of these daring USAAF flyers and their Corsica-based B-25 Mitchell. Along with descriptions of the 340th's real wartime experiences, the work includes twelve men of the Bomb Group relating richly told tales of their own. "In these pages it is a great pleasure to finally see the real story behind the fictionalized account, and to be even more impressed." —Scott Carpenter, NASA astronaut "Heller's satiric caricatures are here shown to have stemmed from patriotic, courageous, highly decorated airmen who daily performed heroic wartime feats against overwhelming obstacles." —Library Journal

The latest comic novel from Christopher Buckley, in which a hapless Englishman embarks on a dangerous mission to the New World in pursuit of two judges who helped murder a king. London, 1664. Twenty years after the English revolution, the monarchy has been restored and Charles II sits on the throne. The men who conspired to kill his father are either dead or disappeared. Baltasar "Balty" St. Michel is twenty-four and has no skills and no employment. He gets by on handouts from his brother-in-law Samuel Pepys, an officer in the king's navy. Fed up with his needy relative, Pepys offers Balty a job in the New World. He is to track down two missing judges who were responsible for the execution of the last king, Charles I. When Balty's ship arrives in Boston, he finds a strange country filled with fundamentalist Puritans, saintly Quakers, warring tribes of Indians, and rogues of every stripe. Helped by a man named Huncks, an agent of the Crown with a mysterious past, Balty travels colonial America in search of the missing judges. Meanwhile, on the other side of the Atlantic, Samuel Pepys prepares for a war with the Dutch that fears England has no chance of winning. Christopher Buckley's enchanting new novel spins adventure, comedy, political intrigue, and romance against a historical backdrop with real-life characters like Charles II, John Winthrop, and Peter Stuyvesant. Buckley's wit is as sharp as ever as he takes readers to seventeenth-century London and New England. We visit the bawdy court of Charles II, Boston under the strict Puritan rule, and New Amsterdam back when Manhattan was a half-wild outpost on the edge of an unmapped continent. *The Judge Hunter* is a smart and swiftly plotted novel that transports readers to a new world.
