There are a few places screenwriter Lou Calabrese would rather be than crammed into a helicopter with Jack Townsend, star of her claim to fame, Copkiller, and whose ex just ran off with Lou's ex. Talk about uncomfortable. But when, halfway out to the isolated arctic location where Copkiller IV is currently shooting, their pilot turns murderous and their helicopter crashes, Lou realizes her day has just gotten a lot worse. Now, while family and friends back home fret over her disappearance, Lou is on the run in the arctic wilderness with America's sweetheart Jack Townsend and only the contents of her purse, his pockets, and their mutual knowledge of survival movie trivia to keep them alive. Can these two children of Hollywood put aside their differences and make it back home without killing each other? Or much,

Suze is used to trouble, but this time she's in deep: Ghostly Jesse has her heart, but Paul Slater, a real flesh-and-blood guy, is warm for her form. And mediator Paul knows how to send Jesse to the Great Beyond. For good. Paul claims he won't do anything to Jesse as long as Suze will go out with him. Fearing she'll lose Jesse forever, Suze agrees. But even if Suze can get Jesse to admit his true feelings for her, what kind of future can she have with a guy who's already dead?

The New York Times bestselling hit from Meg Cabot Samantha Madison is just your average sophomore gal living in DC when, in an inadvertent moment sandwiched between cookie-buying and CD-perusing, she puts a stop to an attempt on the life of the president. Before she can say "MTV2" she's appointed Teen Ambassador to the UN and has caught the eye of the very cute First Son. Featuring Meg Cabot's delightful sense of humor and signature romance that made The Princess Diaries such a hit, this New York Times bestselling standalone novel is sure to please fans and new readers alike.

New York Times–bestselling author Meg Cabot returns with a charming romance between a children's librarian and the town sheriff in the

second book in the Little Bridge Island series. Welcome to Little Bridge, one of the smallest, most beautiful islands in the Florida Keys, home to sandy white beaches, salt-rimmed margaritas, and stunning sunsets—a place where nothing goes under the radar and love has a way of sneaking up when least expected... A broken engagement only gave Molly Montgomery additional incentive to follow her dream job from the Colorado Rockies to the Florida Keys. Now, as Little Bridge Island Public Library's head of children's services, Molly hopes the messiest thing in her life will be her sticky-note covered desk. But fate—in the form of a newborn left in the restroom—has other ideas. So does the sheriff who comes to investigate the “abandonment”. When John Hartwell folds all six-feet-three of himself into a tiny chair and insists that whoever left the baby is a criminal, Molly begs to differ and asks what he's doing about the Island's real crime wave (if thefts of items from homes that have been left unlocked could be called that). Not the best of starts, but the man's arrogance is almost as distracting as his blue eyes. Almost... John would be pretty irritated if one of his deputies had a desk as disorderly as Molly's. Good thing she doesn't work for him, considering how attracted he is to her. Molly's lilting librarian voice makes even the saltiest remarks go down sweeter, which is bad as long as she's a witness but might be good once the case is solved—provided he hasn't gotten on her

last nerve by then. Recently divorced, John has been having trouble adjusting to single life as well as single parenthood. But something in Molly's beautiful smile gives John hope that his old life on Little Bridge might suddenly hold new promise—if only they can get over their differences. Clever, hilarious, and fun, *No Offense* will tug at readers' heartstrings and make them fall in love with Little Bridge Island and its unique characters once again.

High school junior Jenny Greenley is so good at keeping secrets that she's the school newspaper's anonymous advice columnist. She's so good at it that, when hotter-than-hot Hollywood star Luke Striker comes to her small town to research a role, Jenny is the one in charge of keeping his identity under wraps. But Luke doesn't make it easy, and soon everyone -- the town, the paparazzi, and the tabloids alike -- know his secret ... and Jenny is caught right in the middle of all the chaos.

Now includes a bonus excerpt from Meg Cabot's new Heather Wells novel, *Size 12 and Ready to Rock*, available wherever books are sold July 10. Heather Wells Rocks! Or, at least, she did. That was before she left the pop-idol life behind after she gained a dress size or two—and lost a boyfriend, a recording contract, and her life savings (when Mom took

the money and ran off to Argentina). Now that the glamour and glory days of endless mall appearances are in the past, Heather's perfectly happy with her new size 12 shape (the average for the American woman!) and her new job as an assistant dorm director at one of New York's top colleges. That is, until the dead body of a female student from Heather's residence hall is discovered at the bottom of an elevator shaft. The cops and the college president are ready to chalk the death off as an accident, the result of reckless youthful mischief. But Heather knows teenage girls . . . and girls do not elevator surf. Yet no one wants to listen—not the police, her colleagues, or the P.I. who owns the brownstone where she lives—even when more students start turning up dead in equally ordinary and subtly sinister ways. So Heather makes the decision to take on yet another new career: as spunky girl detective! But her new job comes with few benefits, no cheering crowds, and lots of liabilities, some of them potentially fatal. And nothing ticks off a killer more than a portly ex-pop star who's sticking her nose where it doesn't belong . . .

Do you want to be popular? Everyone wants to be popular—or at least, Stephanie Landry does. Steph's been the least popular girl in her class since a certain cherry Super Big Gulp catastrophe five years earlier. Does being popular matter? It matters very much—to Steph.

## File Type PDF Chapter One Meg Cabot

That's why this year, she has a plan to get in with the It Crowd in no time flat. She's got a secret weapon: an old book called—what else?—How to Be Popular. What does it take to be popular? All Steph has to do is follow the instructions in *The Book*, and soon she'll be partying with the It Crowd (including school quarterback Mark Finley) instead of sitting on The Hill Saturday nights, stargazing with her nerdy best pal Becca, and even nerdier Jason (now kind of hot, but still), whose passion for astronomy Steph once shared. Who needs red dwarves when you're invited to the hottest parties in town? But don't forget the most important thing about popularity! It's easy to become popular. What isn't so easy? Staying that way.

New from #1 New York Times bestselling author Meg Cabot, a dark, fantastical story about this world . . . and the underworld. Though she tries returning to the life she knew before the accident, Pierce can't help but feel at once a part of this world, and apart from it. Yet she's never alone . . . because someone is always watching her. Escape from the realm of the dead is impossible when someone there wants you back. But now she's moved to a new town. Maybe at her new school, she can start fresh. Maybe she can stop feeling so afraid. Only she can't. Because even here, he finds her. That's how desperately he wants her back. She knows he's no guardian angel, and

his dark world isn't exactly heaven, yet she can't stay away . . . especially since he always appears when she least expects it, but exactly when she needs him most. But if she lets herself fall any further, she may just find herself back in the one place she most fears: the Underworld.

Meg Cabot expands her huge fan base with this slightly darker, more mysterious novel - without losing any of her signature heart and humor. EM WATTS IS GONE. Emerson Watts didn't even want to go to the new SoHo Stark Megastore grand opening. But someone needed to look out for her sister, Frida, whose crush, British heartthrob Gabriel Luna, would be singing and signing autographs there—along with the newly appointed Face of Stark, teen supermodel sensation Nikki Howard. How was Em to know that disaster would strike, changing her, and life as she'd known it, forever?

When Lightning Strikes When lightning strikes there can only be trouble - as Jessica Mastriani finds out when she is caught in a thunderstorm. But this trouble with a capital T - this trouble is serious. Because somehow, on that long walk home, Jess acquired a new talent. She can find missing people - dead or alive.. Code Name Cassandra Since developing her psychic powers, Jess has discovered

that not everyone wants to be found. And, right now, Jess is one of them. Because some very important people want to speak to her about her newfound powers - people who know just how a good power can be used for evil - and the wrong decision will lead Jess into deadly danger...
