An international armed conflict occurs when one or more States have recourse to armed force against another State, regardless of the reasons or the intensity of this confrontation. No formal declaration of war or recognition of the situation is required.

## International armed conflict | How does law protect in war ...

International Law Armed Conflict International Humanitarian Law Jus Ad Bello Just War Theory. International Humanitarian Law, based on the concepts of jus ad bello, is defined to be the law of war. This means that the laws involved are meant to be active in a situation of an armed conflict or during war. However, just like international law, international humanitarian law requires the political will of states for a situation to be considered as an armed conflict, so that the law can be in force.

## Defining Armed Conflict in International Humanitarian Law ...

International humanitarian law distinguishes two types of armed conflicts, namely:

- international armed conflicts, opposing two or more States, and
- non-international armed conflicts, between governmental forces and non-governmental armed groups, or between such groups only.

IHL treaty law also establishes a distinction between non-international armed conflicts in the meaning of common
