It's Not About The Coffee - Howard Behar

In the end, the book is about the coffee. Not in it's content but in it's experience. Like a Starbucks latte it is overpriced for what you get, the ideas like the beans have been overcooked and charred and the only way to survive it is to bury it in the sacchrine syrup to cover up how bad the taste really is.

It's not about the coffee. It is about expression and the eternal release of thought into the world. Also the light of the lamp represents the presence of the character's thoughts casting over the books. And of course the chair makes the image into a scene where one could imagine a character hard at work reading, studying, and writing.

It's not about the coffee.

It's not all about coffee intake though as other lifestyle factors such as smoking or non-smoking and fruit and vegetable intakes have an impact on health risks too. Is coffee healthy then? The way coffee is made seems to have a big impact on how healthy it is. Different beans, ways of roasting and brewing can certainly vary the caffeine content.

It's Not About the Coffee is a great insight into the makings of a great company. Interwoven with anecdotes and a personal memoir, the message of *It's Not About the Coffee* - that companies exist to further the dreams of compatible individuals, and not the other way around - is clear, poignant and profound. No matter what the industry, no matter what the company, when it becomes more about the product than the people, you're sunk.
