LDV Maxus (05-09) reliability, common problems & faults 3.5 out of 5 3.5 When the Maxus was launched in 2005, some raised serious concerns about the general build quality – shoddy paint jobs and ill-fitting fixtures among them. But the engineers at LDV have tried hard to address these problems and have improved things over the years.

LDV Maxus van review (2005-2009) | Parkers

Common Faults: This LDV Maxus engine ECU will often prevent the vehicle from starting due to internal component breakdown. It is also known for constantly blowing fuses and when scanned with diagnostic tools will often show fault for fuel flow control valve and injector faults. If I purchase this will it cure my fault?

Hi everyone, Newbie here who has been doing a lot of reading of your very helpful posts recently. I've bought a used LDV Maxus, its a 2.5 CDi 95psi, when i bought it the guy explained that it needed new glow plugs, I wasn't really put off by this as it was a cheap job on a cheap van which i was confident that i could do the job myself.

LDV Maxus starting & fault codes - LDV-sherpa II Forum

- plugging it in revealed a fault with the crankshaft position sensor. Erased the fault and plugged it in a few days later and the fault hadn't reappeared. - the engine will rev freely to 2500rpm...

Problem with Ldv maxus van (lack of power) - Page 1 ...

The LDV is by no means the only brand to suffer vague or phantom shifting with this system and a body-computer re-set may be required. The fault has nothing to do with you leaving it in 4H while it was parked for a few days. It ' s also very unlikely to be an actual mechanical problem with the transmission.

LDV T60 Problems & Reliability Issues | CarsGuide

I'm on the verge of buying a 2007 Maxus (2.5 CDi 120 psi engine) with 100,000 miles on the clock, it's former MOD vehicle (no service history for the first 90,000 miles, bit I hear the MOD take good care of their vehicles). The last owner converted it to a lovely camper van, and hasn't had any trouble or costs for the last 2 years/10,000 miles.
