Marriage: Best Friends; Battles; Phases of Love; Biology; and Parenting; get all this right and you'll have the perfect marriage; right? Come on! Don't be an idiot! No-one can give you the perfect recipe for getting a marriage just right. We are all different; with different upbringing, attitudes, wants, desires, needs, and baggage. Although making a marriage work isn't rocket science it does require a good amount of common sense, and a great amount of selflessness. It also means using your head for something more than a hat rack and making good, sensible decisions. Be the strong loving husband and father your wife desires and deserves. Marriage is an ever-evolving dance. No man and no secular book will have all the answers you're looking for; but this collection of life experiences and relationship research is one great place to start!
