A unique resource for passing the rigorous American Board of Plastic Surgery oral board exam Passing the plastic surgery board examinations necessitates meeting extremely demanding criteria. Certification from the ABPS is the gold standard – a significant milestone requiring intensive study, passing the written exam, and the highly challenging two-day oral board component. Acing the plastic surgery boards means a plastic surgeon has already demonstrated a high level of training and education, essential elements for achieving optimal results and patient satisfaction. Plastic Surgery Oral Board Prep: Case Management Questions and Answers by Devra Becker restructures core plastic surgery knowledge into the conceptual framework needed for mastery of the plastic surgery oral board exam. It fills a gap in the literature, exploring levels of knowledge such as analysis, synthesis, and evaluation, as well as practical applications including fluid management, intraoperative and postoperative challenges, and ethical considerations. Questions and answers on key reconstructive, aesthetic, and elective procedures are encompassed throughout 22 chapters, enabling readers to synthesize knowledge and articulate it efficiently and effectively. Key Highlights Nearly 400 Q&A mirror the type and sequencing of questions on the oral board exam Reconstruction topics include skin cancer, facial defects and trauma, back and trunk, traumatic hand injuries, lower extremity wounds, cleft lip and palate, and craniosynostosis syndromes Aesthetic and elective surgery chapters cover the aging face, breast, body and trunk, and hand Current recommendations for management of coexisting medical conditions such as thromboembolism prophylaxis and perioperative management of cardiac disease This is an invaluable board study resource for plastic surgery residents and surgeons preparing for the oral board exam. Its comprehensive core curriculum content will also benefit clinicians prepping for in-service exams.

This new text helps facial plastic surgery fellows and advanced residents in otolaryngology/head and neck surgery find the answers they're looking for when preparing to take the American Board of Facial Plastic and Reconstructive Surgery exam. Covering core content relevant to the ABFPRS board exam, this guide emphasizes key facts and clinical pearls essential to exam success and includes hypothetical exam questions and relevant surgical and clinical images. Written by leader in the field and the Director for the facial plastic surgery fellowship program at the University of California Irvine, this book discusses everything from basic techniques and evidence-based medicine, to fillers, injectables, implants and the psychological aspects of plastic surgery. Additionally, the chapter layout and organization of the Facial Plastic and Reconstructive Surgery Study Guide allows the reader to focus on just those topics relevant to the board exam, making it a must-have for anyone preparing to take the exam.
