REBEL GENIUS is a new musical from creator Matthew Puckett based on the life of the young and highly ambitious Albert Einstein. The musical crashes physics and love into one another as Albert falls madly in love with Mileva Maric and then risks everything he has to find a perfect Unified Theory of the universe. REBEL GENIUS is a contemporary exploration into the heart of an icon torn between great ambition and a passionate love for the people in his life.

In Rebel Genius, Abraham uses McCulloch's life as a window on a past scientific age, showing the complex transformations that took place in American brain and mind science in the twentieth century—particularly those surrounding the cybernetics movement. Abraham describes McCulloch's early work in neuropsychiatry, and his emerging identity as a neurophysiologist.
