Kings and queens, British prime ministers, American presidents, countries of Europe... We should all know these things - but like me, you're probably resigned to being the kind of person that just never will. Now Grandmaster of Memory Ed Cooke offers up his memory secrets with a fun, quick and completely unforgettable way to remember the things you thought you never could. But this is no boring Willy, Willy, Harry, Ste. With Ed leading the way on unlikely adventures through people and places, Abraham Lincoln may become a circle of bra-wearing hams linking arms in your mind, and you may well encounter a fridge wearing Calvin Klein underpants. You could also soon find yourself rattling off the prime ministers to a rapt audience and adding, in a knowing tone, 'ah yes, Marquess of Rockingham, Whig I believe?'. What is for sure is that you 'll be bursting with knowledge that will stick in your mind and impress your friends for ever.

The Unquenchable Worshipper issues a passionate call for a return to an unadulterated, first-love lifestyle of worship. In his first book release, respected worship leader and songwriter Matt Redman writes: "The revelation of God is the fuel for the fire of our worship. And there is always more fuel for the fire. When we open the eyes of our heart, God 's revelation comes flying at us from so many different angles." Open the eyes of your heart and let the gut-level message of The Unquenchable Worshipper cause you, like martyred missionary Jim Elliot, to say, "Saturate me with the oil of Thy Spirit, that I may be aflame. Make me Thy fuel O flame of God." It 's time to dive into the heart of worship—will you take the plunge?

CUT meets HATCHET in this lacerating debut about girls, knives, and redemption. The Frank Church River of No Return Wilderness Area stretches across two million acres in northern Idaho. In its heart sits the Alice Marshall School, where fifty teenage girls come to escape their histories and themselves. Lida Wallace has tried to negate herself in every way possible. At Alice Marshall, she meets Elsa Boone, a fierce native Idahoan; Jules, who seems too healthy to belong at the school; and Gia Longchamps, whose glamour entrances the entire camp. As the girls prepare for a wilderness trek, Lida is both thrilled and terrified to be chosen as Gia's friend. But everyone has their secrets--their "Things" they try to protect; and when those come out, the knives do as well. THE GIRLS OF NO RETURN is a bold and powerful debut.

Traditionally experimentation has been understood as an activity performed within the laboratory, but in the twenty-first century this view is being challenged. Schwarz uses ecological and environmental case studies to show how scientific experiments can transcend the laboratory.
