Description Fans of Star Trek and the starships can warp speed into 2021 with the Star Trek: Ships Of The Line 2021 Calendar. The horizontally-formatted wall calendar presents the most famous vessels, along with sceneries of battle or searching the outer quadrants of the universe.

In celebration of one of science fiction's most beloved franchises, an updated edition of the acclaimed Ships of the Line hardcover collection. They dared to risk it all in a skiff of reeds or leather, on a ship of wood or steel, knowing the only thing between them and certain death was their ship. To explore, to seek out what lay beyond the close and comfortable, every explorer had to embrace danger. And as they did so, what arose was a mystical bond, a passion for the ships that carried them. From the very first time humans dared to warp the fabric of space, escaping from the ashes of the third World War, they also created ships. These vessels have become the icons of mankind's desire to rise above the everyday, to seek out and make the unknown known. And these ships that travel the stellar seas have stirred the same passions as the ones that floated in the oceans. While every captain has wished that their starship could be outfitted in the same manner as the sailing ship H.M.S. Beagle—without weapons—that proved untenable. From the start, Starfleet realized that each vessel, due to the limited range of the early warp engines, must be able to stand alone against any attack. Thus arose the idea, taken from the days of wooden sailing ships, that every Starfleet vessel must stand as a ship of the line. Through the actions of their captains and crews, countless starships have taken on that role. Here we remember some of those ships and their heroic crews. In celebration of one of science fiction's most beloved franchises, this updated edition of the acclaimed Ships of the Line hardcover collection now includes dozens of additional images brought together for the first time in book format—spectacular renderings featured in the highly successful Star Trek: Ships of the Line calendar series. With text by Star Trek's own Michael Okuda, the story of each of these valiant starships now comes to life. ™, ®, & © 2014 CBS Studios, Inc. preparing to strike against the Federation. Seizing his one chance, Bateson takes the U.S.S. Enterprise on a mission to counter the Klingon threat, only to be thwarted by his enemy, a Klingon who has nursed a grudge against Bateson for decades. Standing in the way of Bateson's scheme and the Klingons' plan is Captain Jean-Luc Picard who, faced with the toughest decision of his career, must choose whether to take back command of the U.S.S Enterprise or let the torch pass to yet another next generation!

From the ashes of the Next Generation's Enterprise-D rises a new Starship, the USS Enterprise NCC-1701-E, under the command of Captain Morgan Bateson. Bateson, as a man from the 23rd century living in the 24th, sees what no-one else can see: that the Klingon Empire is building its forces and preparing to strike against the Federation once more. Seizing his chance, Bateson takes the USS Enterprise on a mission to counter the Klingon threat, only to be thwarted by his enemy, a Klingon who has nursed a personal grudge against him for decades. And standing in the way of Bateson's scheme and the Klingon's plan is Captain Jean-Luc Picard who is faced with the toughest decision of his career: whether to take back command of the USS Enterprise or to let the torch pass to yet another next generation.

Last year's smash addition to the Star Trek calendars. This newest edition features all-new CGI visions of the beloved ships of the Star Trek universe.

William Riker, former first officer of the USS Enterprise in Star Trek: The Next Generation, takes command of the new USS Titan in this white-knuckled adventure perfect for longtime and new Star Trek fans. After almost a decade of strife against foes such as the Borg, the Cardassians, the Klingons, and the Dominion, the United Federation of Planets is at the dawn of a new era. Starfleet is renewing its mission of peaceful exploration, diplomacy, and the expansion of knowledge. Among the starships spearheading that endeavor is the USS Titan, commanded by Captain William T. Riker and manned by the most biologically varied and culturally diverse crew in Starfleet history. But their mission does not begin according to plan. In the wake of Star Trek: Nemesis, Praetor Shinzon, slayer of the Romulan Senate, is dead. The power vacuum created by his demise has put the Romulan Star Empire, longtime adversary of the Federation, at the brink of civil war. Competing factions now vie for control of their fragmenting civilization, and if the empire should fall, that entire area of the galaxy may destabilize. To restore order to the region, Titan's long-anticipated mission of exploration is delayed as Starfleet assigns Riker to set up power-sharing talks among the Romulan factions. But even as the first tentative steps are taken toward building a new Romulus, the remnants of the Tal Shiar, the dreaded Romulan intelligence service, are regrouping behind the scenes for a power play of their own. With no

other help available, Riker and the Titan crew become the last hope to prevent the quadrant from falling into chaos.

A mysterious terrorist organization has carried out several attacks against the Federation and Klingon Empire. Tensions are running high in a region already crippled by conflict. The perpetrators are tracked to the Lembatta Cluster, a mysterious region of space whose inhabitants, the Renao, regard the the Alpha Quadrant's powers as little more than conquering tyrants. The Federation are desperate to prevent more bloodshed, and have sent their flagship, the U.S.S. Prometheus, into the Cluster to investigate the threat before all-consuming war breaks out.

Featuring ships of the Borg and vessels of the Delta Quadrant, the first of two companion volumes of ships from STAR TREK: VOYAGER. This volume begins with the ships operated by STAR TREK's greatest villains: the Borg, including the Borg Cube and Sphere, the Borg Queen's Ship, the Renegade Borg Vessel and the Borg Tactical Cube. From there, it profiles more than thirty-five ships operated by the species Voyager encountered in the Delta Quadrant, featuring ships from A - Akritirian to K - Krenim. With technical overviews and operational histories, the ships are illustrated with CG artwork - including original VFX models made for the show. After you read this, be sure to check out the companion volume - THE DELTA QUADRANT: Ledosian to Zahl, which profiles more than 50 ships of the Delta Quadrant species, among them the Lokirrim Warship, the Species 8472 Bioship, and the Vidiian Warships. With previously unseen artwork specially created in CG the two official volumes form the most comprehensive account of Delta Quadrant ships from STAR TREK VOYAGER ever produced. THE BORG AND DELTA QUADRANT: Akritirian to Krenim IS THE FIFTH BOOK IN THE SERIES STAR TREK SHIPYARDS.
