Statue of Ramesses II*

Author (s): Barbotin Christophe. This statue represents a king, sitting on a throne covered in inscriptions in the name of Ramesses II. The original identity of this work was the subject of much heated debate: traces of modifications to the crown, face, torso, and throne were long thought to indicate that the king had re-used an older work.

A replica of the Ramesses II statue stands on Orouba street in Heliopolis, Cairo. The Statue of Ramesses II is a 3,200-year-old figure of Ramesses II, depicting him standing. It was discovered in 1820 by Giovanni Battista Caviglia at the Great Temple of Ptah near Memphis, Egypt. It is made from red granite . The statue was found broken in six pieces and earlier attempts at restoration failed.

Statue of Ramesses II - Wikipedia

The colossal statue of Rameses II ("the Great") – known as the "Younger Memnon" and "Ozymandias" – was taken from the king's mortuary temple on the West Bank (the Ramesseum) by ex-strong man Giovanni Belzoni, and its installation at the British Museum led to a greater appreciation of ancient Egyptian artefacts as works of art equal to

Colossus of Ramesses II The Colossus of Ramesses is an enormous statue carved in limestone. It is about 10m (33.8 ft) long, even though it has no feet, and is located near the village of Mit Rahina. A small museum has been built to house this magnificent piece.

Colossus of Ramesses II - Tour Egypt

Colossal bust of Ramesses II. This colossal bust of Ramesses II is one of the largest sculptures in the British Museum, but it is only the top part of a much bigger seated statue of the king. The bottom part is still in the Ramesseum, Ramesses' memorial temple on the west bank of the Nile at Thebes (modern Luxor). It offers the opportunity to study several different aspects of kingship in ancient Egypt, including the connection between the pharaoh and the gods.

The Younger Memnon is an Ancient Egyptian statue, one of two colossal granite heads from the Ramesseum mortuary temple in Thebes, Upper Egypt. It depicts the Nineteenth Dynasty Pharaoh Ramesses II wearing the Nemes head-dress with a cobra diadem on top. The damaged statue has since lost its body and lower legs. It is one of a pair that originally flanked the Ramesseum's doorway.

Retrieved from the mortuary temple of Ramesses at Thebes by Giovanni Belzoni in 1816, the Colossal Statue of Ramesses became among the most famous objects in the British Museum.

This study provides an analysis of more than 60 statues and fragments depicting the god Amun and his consorts which Tutankhamun, Ay, and/or Horemhab commissioned to replace those destroyed by the "heretic pharaoh" Akhenaten.

Using the tools of the "new" art history (feminism, Marxism, social context, etc.) An Introduction to Nineteenth-Century Art offers a richly textured, yet clear and logical, introduction to nineteenth-century art and culture. This textbook will provide readers with a basic historical framework of the period and the critical tools for interpreting and situating new and unfamiliar works of art. Michelle Facos goes beyond existing histories of nineteenth-century art, which often focus solely on France, Britain, and the United States, to incorporate artists and artworks from Scandinavia, Germany, and Eastern Europe. The book expertly balances its coverage of trends and individual artworks: where the salient trends are clear, trend-setting works are highlighted, and the complexity of the period is respected by situating all works in their proper social

Acces PDF The Colossal Statue Of Ramesses Ii Objects In Focus

and historical context. In this way, the student reader achieves a more nuanced understanding of the way in which the story of nineteenth-century art is the story of the ways in which artists and society grappled with the problem of modernity. Key pedagogical features include: Data boxes provide statistics, timelines, charts, and historical information about the period to further situate artworks. Text boxes highlight extracts from original sources, citing the ideas of artists and their contemporaries, including historians, philosophers, critics, and theorists, to place artists and works in the broader context of aesthetic, cultural, intellectual, social, and political conditions in which artists were working. Beautifully illustrated with over 250 color images. Margin notes and glossary definitions. Online resources at www.routledge.com/textbooks/facos with access to a wealth of information, including original documents pertaining to artworks discussed in the textbook, contemporary criticism, timelines and maps to enrich your understanding of the period and allow for further comparison and exploration. Chapters take a thematic approach combined within an overarching chronology and more detailed discussions of individual works are always put in the context of the broader social picture, thus providing students with a sense of art history as a controversial and alive arena of study. Michelle Facos teaches art

history at Indiana University, Bloomington. Her research explores the changing relationship between artists and society since the Enlightenment and issues of identity. Prior publications include *Nationalism and the Nordic Imagination: Swedish Painting of the 1890s* (1998), *Art, Culture and National Identity in Fin-de-Siècle Europe*, co-edited with Sharon Hirsh (2003), and *Symbolist Art in Context* (2009).

A scholarly assessment of the long-term reign of Ramses II, updated to include a lavish array of photographs, places his life against a historical backdrop while offering insight into his contributions as a military leader, motivator of art and architecture, and perpetrator of unprecedented record-keeping practices.

Nefertari, the favorite queen of Rameses II, was buried about 3,200 years ago in the most exquisitely decorated tomb in Egypt's Valley of the Queens. Discovered in 1904 by Italian explorer Ernesto Schiaparelli, the tomb had deteriorated to a disastrous extent when emergency consolidation began in 1986. The six-year conservation project of the GCI and the Egyptian Antiquities Organization was completed in 1992. In this fascinating

Acces PDF The Colossal Statue Of Ramesses Ii Objects In Focus

exploration of the tomb, John McDonald takes the reader through each chamber, describing the hieroglyphic messages depicted in the brilliant wall paintings and discussing the images within the context of Egyptian beliefs. He also offers insights into the life of Nefertari, the development and symbolism of royal tombs, and the construction and decoration of the tombs. House of Eternity is illustrated with historic black-and-white images and more recent color photographs that reveal the vibrant beauty of the wall paintings. In November 1995 the tomb was reopened to the public. Because of the potential for damage and deterioration to the fragile wall paintings caused by increased humidity, carbon dioxide, and microbiological activity introduced by visitors to the tomb, the number permitted to enter daily is strictly controlled by the Egyptian authorities. This book results from a desire of the GCI to enrich visitors' experience by providing a detailed descriptive walk-through of the tomb while conveying a strong message regarding the need for conservation and continuous monitoring to ensure the long-term survival of the tomb's paintings. Visitors to the tomb and the armchair traveler alike will find House of Eternity to be an excellent resource for understanding Nefertari's journey to the afterlife and for appreciating the extraordinary depictions of that journey on the walls of Nefertari's tomb.

Everyone has heard of Ramesses the Great - but what is the truth behind the legend? Joyce Tyldesley's lively book explores the life and times of Egypt's greatest king. Ramesses II was the archetypal Egyptian pharaoh: a mighty warrior, an extravagant builder and the father of scores of children. His monuments and image were to be found in every corner of the Egyptian empire. This is his amazing story.

This sumptuously illustrated book is a wonderful introduction to the enormous and varied legacy of ancient Egypt. Created to accompany one of the greatest loan exhibitions ever to have been mounted from the collections of the British Museum, *Eternal Egypt* illustrates the development and achievements of ancient Egyptian art over a period of more than 3,000 years. Almost all of the artifacts have been drawn from the Museum's permanent exhibitions; many are among the finest examples of their kind to have survived from antiquity. Handsomely produced, this book reveals these objects--including sculpture, relief, papyri, hieroglyphic writing, jewelry, painting, cosmetic objects, and items of funerary equipment--as a means of extraordinary artistic expression rather than simply as historical documents. The book and the exhibit, which will travel to eight U.S. cities over the course of three years,

Acces PDF The Colossal Statue Of Ramesses Ii Objects In Focus

provide a remarkable opportunity to explore the creative genius of one of the world's most extraordinary civilizations. Eternal Egypt features the unique and innovative aspects of art from each period, as well as characteristic styles, forms, and genres. Edna Russmann, one of the world's leading authorities on ancient Egyptian art and curator of the exhibition, offers a wide-ranging and authoritative introductory essay that covers archaism, portraiture, and stylistic innovation in Egyptian art. The text also relates the history of the British Museum collection of Egyptian antiquities, showing how these exquisite art works came together. Each piece in the exhibition is given a separate explanatory entry in the book. With its superb color photographs and accessible yet informative text, Eternal Egypt marks a substantial step forward in scholarly understanding of its subject, embodying the results of the very latest research and containing many new and original insights and observations. It will be a must read for anyone with a passion for ancient Egypt. Published in association with the American Federation of Arts by arrangement with the British Museum Press
